## SUMMARY

---

Passionate **Front-End Developer** with 2 years of experience bringing mock-ups to life using **HTML, CSS, JavaScript, React**. Transitioned from fashion design to web development to help companies create websites that are responsive and usable. Looking to take advantage of my skills in Front-End Development, Fashion design and Entrepreneurship to help with creativity and designing/creating efforts.

## SKILLS

---

Development: **HTML, CSS, Bootstrap, SCSS** (Mobile/Desktop First approach, accessibility, optimization).

Programming Language: **JavaScript** (including **ES6**).

Frameworks: **React**.

General: API's, Git/GitHub, hosting, domains, SEO. Can convert a mockup into a responsive web site.

Certifications & Training: **Become a React Developer** - [Linkedin](#), **Become a Front-End Web Developer** - [Linkedin](#), **JavaScript Front-End Developer** - [RS School](#), **Introduction to Algorithms** - [MIT](#), **Become a MERN Stack JavaScript Developer** - [Linkedin](#).

## WORK EXPERIENCE

---

*Business owner at [marinapatterns.etsy.com](https://marinapatterns.etsy.com)* Oct, 2019 – Present

- Online Etsy shop created by fashion designer. Sells professional sewing patterns.
- Take care of Strategy / Product Design / SEO / Marketing / Customer Support.
- Added SEO tags and Google Analytics to track users.
- Prototyped [MarinaPatterns.com](https://MarinaPatterns.com) - landing page that uses best practices to get new leads. It's a modern website that uses HTML, CSS and Bootstrap with a mobile-friendly version. Done completely from scratch.

## Coursework / Projects

*Online Zoo | JavaScript ( [Link](#) )* Jul, 2021

- Created a fully responsive modern website using Flexbox, with all features including sliders, carousels, dark mode, menu burger, made using vanilla JavaScript.

*For Those Who Play | ReactJS ( [Link](#) )* Feb, 2021

- Created a fully responsive modern React website.
- Full lifecycle, from idea to mockup to markup to programming and hosting.

## EDUCATION

---

**Vitebsk State Technological University (VSTU)** Vitebsk, Belarus

*Design and technology of clothing (engineer)*

- Developing garments and launching them into production requires a **design oriented mindset, creative and analytical thinking**.
- Assessment, control and management of the quality of garments requires a huge **attention to details, leadership and ability to solve problems**.
- Planning, management and organizational support of sewing companies requires **excellent communication skills**.
